Quick answer tax prep guides keep you and your staff on schedule!

### SAVE TIME

*Express Answers* quick-reference guides match the way you work — line by line, right down the return. Features include:

- Tabs, easy-to-read type and a two-color format to help you quickly find the specific information you need.
- Charts and tables that summarize important concepts, facts and figures — saving you time when you need it most.
- Quick reference icons that identify “What’s New,” Cautions, Examples, Planning Tips and highlighted “Gray Areas” to alert you to must-know information.

### PRACTICE CONFIDENTLY

You can count on CCH to give you the answers you need. *Express Answers* guides reflect the tradition of CCH accuracy, currency and completeness generations of tax practitioners have relied upon.

### SAVE MONEY

*Express Answers* guides are more affordable than any other 1040, 1041, 1065 or 1120S desk reference on the market.

### STAY CURRENT

Because you want *Express Answers* guides to provide the most up-to-date information, we’ve scheduled them to go on-press and be ready for shipment in December.

### GET THE COMPETITIVE EDGE

The *Express Answers* guides include additional time-saving information that other “quick answer” books on the market do not, such as factors to use when calculating the prices of stocks that have been through splits since their purchase. *Express Answers* maintains CCH’s reputation as providing the most thorough, most comprehensive and most current information available.

Tabs reflect the IRS individual tax return forms and schedules and key client areas, making it easy to find the answers you need.

Each section has a table of contents to help you find answers quickly.

Useful, eye-catching graphics help you spot related content on the page.

Cross-referenced to IRS publications and to the *U.S. Master Tax Guide*®.

Charts and tables summarize important concepts, facts and figures.
